

Jake Paul - 'I Went Inside a Nuclear Factory'

NO NETWORKS / NO LARGE MEME PAGES ALLOWED

Video Clipping Campaign

Platforms	TikTok, Instagram Reels, YouTube Shorts
Audience	40%+ Tier-1 required (US, UK, CA, AU)
Clip Length	Must be longer than 10 seconds
VIDEO	 General Matter_v7(1).mp4

What To Do

1. Watch the video: [Jake Paul - I went Inside a Nuclear Factory](#)
2. Download the high-quality footage:  General Matter_v7(1).mp4
3. Edit clips from the video (each clip must be longer than 10 seconds)
4. Post on TikTok, Instagram Reels, or YouTube Shorts

Use Only This Video

You can **ONLY** clip from this one video. Any clip from other videos or other sources will be rejected automatically.

✅ DO - How To Edit

Strong hook in the first 1-2 seconds - start with the best moment

Add captions / subtitles - required on every clip

Clean, smooth editing - no dead space, no awkward cuts

Every clip must be longer than 15 seconds

Use the required caption: "Jake Paul On YouTube"

Pick the funniest, wildest, or most viral moments - think shock, drama, punchlines

Make it feel native - like normal Reels content, not like an ad

💡 Pro Tip - Read The Comments

Scroll through the YouTube comments on the video.

The most-liked comments tell you exactly what moments people loved. Timestamps, quotes, reactions - the audience is telling you which parts are already viral. **Clip those first.**

✗ DO NOT - Rejection Guaranteed

No clips 10 seconds or shorter. Must be longer than 10 seconds.

No footage from other videos. Only use the one linked above.

No reposts or reused clips from other campaigns

No watermarks of any kind.

No low-effort edits.

No missing subtitles. Every clip needs captions.
